

## WEEKLY SUMMARY REPORT

<b>PROJECT NO.:</b>	2476.0001Y006	<b>WEEKLY REPORTING PERIOD:</b> Monday, June 4, 2018 through Sunday, June 10, 2018
<b>PROJECT:</b>	CFAC Phase II Site Characterization	
<b>LOCATION:</b>	Columbia Falls, Montana	

### SUMMARY OF WORK COMPLETED

- Roux personnel mobilized to the Site on June 4, 2018 to begin the groundwater, surface water, sediment, and porewater sampling scope of work during the high-water season. Hydrometrics personnel mobilized to the Site on June 6, 2018.
- Roux completed Site-wide water level gauging of all 77 monitoring wells including the former production wells and newly installed Phase II monitoring wells;
- Roux installed three new pressure transducers in monitoring wells CFMW-065, CFMW-066, and CFMW-069 for long-term water level monitoring;
- Roux and Hydrometrics completed groundwater sampling at 18 monitoring well locations (CFMW-011, -012, -017, -020, -021, -022, -023, -025a, -025b, -026, -028a, -029, -038, -040, -044a, -047, -049, and -050);
- Roux and Hydrometrics completed surface water sampling at 17 locations along the Flathead River utilizing the boat captained by Kennedy-Jenks (CFSWP-001, -002, -003, -004, -005, -006, -007, -008, -017, -026, -027, -028, -034, -035, -036, -037, and -038);
- Roux and Hydrometrics completed background surface water sampling at 10 locations in the Flathead River utilizing the boat captained by Kennedy-Jenks (CFBWP-011, -012, -013, -014, -015, -016, -017, -018, -019, and -020);
- Roux completed landfill cap soil sampling at 9 locations in the Wet Scrubber Sludge Pond and the Center Landfill (CFLP-007, -008, -009, -010, -011, -012, -013, and -014); and
- Groundwater investigation derived waste (IDW) from monitoring well locations were transferred to the IDW tank stored in the area of the former rod mill.

### SUMMARY OF WORK PLANNED FOR NEXT WEEK / ANTICIPATED SCHEDULE CHANGES

- Planned
  - Roux and Hydrometrics will continue the surface water, sediment, sediment porewater, and groundwater sampling scope during the high-water season.
- Modifications
  - No modifications to schedule or deviations from Work Plan or Phase II Sampling and Analysis Plan.

### HEALTH AND SAFETY NOTES

- Roux and Hydrometrics discussed the importance of tick prevention and other biological hazards.
- Roux, Hydrometrics, and Kennedy-Jenks reviewed Job Safety Analysis plans associated with sampling from the boat.

### OTHER NOTES

- No other notes.

Prepared by Laura Jensen Of Roux
